

BANDA TO RAJA AMPAT.2018

expedition :: MARCH 26 – APRIL 6, 2018

BANDA SEA to RAJA AMPAT :: Due to its remoteness and the efforts of many, this region still holds some of the most outstanding diving on the planet. Nutrient rich waters bathe the islands with a staggering variety of plankton giving life to some of the richest and most bio diverse finds in the ocean. From several species of unusual muck critters, pygmy sea horses to large oceanic mantas, you will be raptured by its beauty.

We will spend 12 days/11 nights and begin our journey from AMBON, boarding the well-travelled traditional phinisi schooner, MSY PINDITO – www.pindito.com with famous Edi Frommenwiler at the helm to ensure we hit the BEST of the BEST! He will take us to the hot muck spots in Ambon to Banda and within the Raja Ampat archipelago and hit all the good stuff in between before we return back to Sorong.

expedition organizers

Join Tanya and Kevin for an extraordinary opportunity to dive one of Indonesia's Hot Spots. They hope to enhance your trip with well over 40 years of combined dive & photographic experience. Pick their brains, look over their shoulders or just do your own thing. This could very well be one of the most exciting destinations on the planet right now and it is Tanya and Kevin's goal for everyone to get the most out of the experience. Lots of focus will be on the identification and photography of the mind boggling array of marine life to be discovered. With this objective in mind, they are committed to finding the best of the best opportunities available... and have a lot of fun in the process.

expedition cost

Cabins are all priced the same, however there are a couple of differences. Double or Twin cabins available with en-suite shower, bath, toilet and AC.
